

Bridgeline Notices

| <u>EffectiveDate</u> | <u>EndDate</u> | <u>Description</u> |
|----------------------|----------------|---|
| 1120/2014 | 3/31/2015 | Bridgeline Holdings, L.P. Customers: Effective for the November 2014 billing period, your invoice will include updated payment instructions for payment to EnLink Midstream. To ensure timely remittance please update your systems accordingly. |
| 11/03/2014 | 03/01/2015 | <p>The EnLink Midstream companies, EnLink Midstream Partners, LP (NYSE:ENLK) (the Partnership) and EnLink Midstream, LLC (NYSE:ENLC) (the General Partner) (together "EnLink"), and Chevron Pipe Line Company and Chevron Midstream Pipelines LLC (together "Chevron") have closed the previously announced sale to EnLink of Gulf Coast natural gas pipeline assets including Bridgeline, LLC ("Bridgeline").</p> <p>Effective November 1, 2014 EnLink and Chevron have entered into a Transition Services Agreement for Chevron to continue to operate Bridgeline until such time that EnLink and Chevron can fully transition all commercial operations to EnLink. As part of this agreement, Chevron will continue to interact with all customers of Bridgeline in the same capacity as they did prior to the close of the sale.</p> <p>Please continue to contact your Chevron representative regarding all business you have on Bridgeline. As EnLink and Chevron continue to complete transition plans, representatives from EnLink will be contacting you to provide you with introductions and specific contact information.</p> |
| 9/29/2014 | 3/01/2015 | This notice is to advise shippers that on September 26, 2014, Chevron Pipe Line Company, which owns Bridgeline, entered into a definitive agreement with a subsidiary of EnLink Midstream Partners, LP for the sale of Bridgeline. The sale is expected to close in the 4th quarter of 2014, subject to regulatory approvals. |
| 06/12/2014 | 06/19/2014 | <p>Attention all Bridgeline Shippers, End-users & Producers:</p> <p>The 2013 hurricane season was the first Atlantic hurricane season since 1994 to feature no major hurricanes, and the first since 1968 to feature no storms of at least Category 2 intensity. We can't always be that fortunate!</p> <p>So, in preparation of the upcoming 2014 hurricane season, Bridgeline would like to remind Shippers to monitor Bridgeline's website for</p> |

|------------|------------|--|
| | | <p>notices.</p> <p>www.bridgeline.net</p> <p>Additionally, Bridgeline notifies all Shippers by email of any curtailments. We have compiled a list including email addresses, but to update it we would appreciate if shippers could give us plant contacts and producers, including phone numbers and email addresses. This will ensure timely communication with End-users and Producers, if curtailments are necessary.</p> <p>In accordance with Bridgeline's Business Continuity Plan, in the event of hurricane category 2-5 winds heading directly at Bridgeline facilities, Bridgeline will begin to issue Operational Flow Orders as deemed necessary and will effectuate evacuation in accordance with Section 29, Force Majeure of its Operating Statement within 48 hrs. of expected hurricane force winds. At that time, Bridgeline management will begin a controlled shutdown at all facilities in the affected area - both markets and supply sources, securing facilities and evacuate personnel. There may be events that require action within a time frame that is greater than or less than 48 hours prior to the forecasted impact of hurricane conditions.</p> <p>Bridgeline's decision to shut down the pipeline or impacted sections is based on the weather forecasts and government initiated storm evacuations. Bridgeline's top priorities are the safety of its employees, the public and protecting the environment.</p> <p>Bridgeline would like to remind shippers that nominations should be balanced between supply and markets.</p> <p>Here are some useful weather related websites:</p> <p>http://www.nhc.noaa.gov/</p> <p>http://www.accuweather.com/index.asp?partner=accuweather</p> <p>http://www.nhc.noaa.gov/HAW2/english/prepare/family_plan.shtml</p> <p>Please contact Kent Glover (713) 432-3946, Daniel Passmore (713) 432-2667 or Brian Lamb (713) 432-3691 with any questions.</p> <p>For more details and all Bridgeline Notices, visit the link below: http://www.bridgeline.net/notices.aspx?type=Critical</p> |

| 05-29-2013 | 10-31-2013 | <p>Attention all Bridgeline Shippers, Endusers & Producers: The 2012 hurricane season was a memorable one, with 19 named storms, of which 10 became hurricanes and 2 developed into major hurricanes. One of those major hurricanes, Superstorm Sandy, became the second most costly storm in U. S. history. So, in preparation of the upcoming 2013 hurricane season, Bridgeline would like to remind Shippers to monitor Bridgeline's website for notices. www.bridgeline.net Additionally, Bridgeline notifies all Shippers by email of any curtailments. We have compiled a list including email addresses, but to update it we would appreciate if shippers could give us plant contacts and producers, including phone numbers and email addresses. This will ensure timely communication with Endusers and Producers, if curtailments are necessary. In accordance with Bridgeline's Business Continuity Plan, in the event of hurricane category 2-5 winds heading directly at Bridgeline facilities, Bridgeline will begin evacuation within 48 hrs of expected hurricane force winds. | 02-07-2013 | 08-30-2013 | <p>Bridgeline has decided to postpone this maintenance indefinitely.... To comply with U.S. Department of Transportation regulatory requirements associated with a class location change affecting Bridgeline Holding's mainline, and pursuant to sections 12 and 25.1 of Bridgeline’s Statement of Operating Conditions, Bridgeline will be performing maintenance on its mainline between the Sabine and TETCO Tally Ho interconnects, during the third quarter of 2013. Bridgeline will be unable to physically flow gas from the west to the east. All physical receipts west of Sabine will have to be delivered off system at or before the Sabine interconnect. In addition, all physical deliveries east of TETCO Tally Ho will have to be supplied from East side supply and/or Storage. We expect this maintenance to last approximately one week. Please continue to monitor the notice page from Bridgeline’s website as the maintenance schedule is finalized (www.bridgeline.net). Please call Briant Baker at 713-432-2512 or Dan Passmore at 713-432-2667 if you have any questions.</p> |
| 02-04-2013 | 12-31-2014 | <p>Today, Chevron Pipe Line Company announced its plans to market for divestiture the Bridgeline Holdings, L.P. asset. This sale is consistent with our ongoing effort to align our portfolio of pipeline assets with our long term strategies. While the marketing efforts are expected to begin in the near future, no changes to current operations are contemplated before a buyer is announced and a sale closes.</p> |
